## State Earmarks \$250,000 For Western's Expansion Program

**THE NEW JOINS THE OLD**—Newly elected heads for the 1958 Talisman staff are shown talking over plans for next year's edition with the present editors. Left to right are: Nancy Hightower, assistant editor, Ann Meredith, editor-in-chief of the 1957 yearbook, and the new editor-in-chief, Nancy Lee Owen, and newly elected assistant editor, Judy Moore.

## Owen, Moore To Head Staff Of 1958 Talisman

Nancy Lee Owen, a history major from Louisville, will head the 1958 Talisman staff. Judy Moore, an education major from Island, Ky., will become the assistant editor. The announcement came late Tuesday afternoon and was released by Dr. J. R. Whitmer, faculty sponsor since 1951, who will again supervise production of next year's edition of the yearbook.

## "Follies" Are Scheduled February 28

The Junior class announces the forthcoming of the first annual Western Follies which will take place 7:30 p. m., Thursday, February 28 at Van Meter Auditorium. The Follies are being held in an effort to have the different clubs on the hill join together in activities and work together.

Many clubs have become interested and have entered their acts. A trophy will be given to the club with the best act and to the runner up.

The decision will be based on the applause of the audience. This

Miss Owen, the editor-in-chief is the daughter of Mr. and Mrs. D. M. Owen. Miss Moore, is the daughter of Mr. and Mrs. S. R. Moore.

Membership on the Talisman staff is an academic honor which is bestowed upon those whose scholastic record is superior. A list of juniors is sent to the heads of the departments and on to each professor whereupon they select five students for editors. The composite list is taken by the sponsor to the registrar and checked for a 2. standing or better. Students with superior standings are called into conference with the sponsor and he selects 15 or 16 editors based on merit. He then appoints them to their respective positions for the yearbook except for the editor-in-chief and assistant editor.

Class editors of the 1958 Talisman staff are John Blair, a math major from Cecilia, and son of Mrs. Frances Blair; Sarah Helen Gleaves, an elementary education major from Bowling Green, the daughter of Mrs. Elisabeth Williams; Marie Klingery, a home economics major from Indianapolis Ind., daughter of Mr. and Mrs. Lawrence Klingery; Elise Norris, a home economics major from Burkesville, daughter of Mr. and Mrs. Kyle Norris, and Louise Alton, home economics major from Vine Grove, and the daughter of Mr. and Mrs. James T. Alton.

Other editors include: Owen Lawson, sports editor, son of Mr. and Mrs. Jesse Lawson, of

## Team And Coaches To Be Honored

John Oldham, coach at Tennessee Tech and former All American guard on the Western basketball team will be the principal speaker at the "Annual Basketball Appreciation Dinner" sponsored by the Bowling Green Junior Chamber of Commerce.

The dinner will be held at the Boots and Saddle Club at 7:30 p. m., Monday, March 4. Toastmaster will be Mr. Brad Mutchler, Assistant Superintendent of Schools in Bowling Green and former Western basketball star.

Coaches and players will be honored along with former most valuable player award winners. This year's Most Valuable Player will be announced and will receive a silver service and a plaque. Coaches and team will receive gift certificates.

Past winners of the Most Valuable Player award are as follows: John Oldham, Bob Lavy, Rip Gish, Gene Rhodes, Richard White, Tom Marshall, Jerry Whitsel, and Forest Able, all consecutive winners from 1948 to 1954.

Tickets are now on sale at Hall's Men Store and the Public Relations Office, and may be obtained during home games at half time. The public is cordially invited to attend. Price of tickets is \$3.25 in advance, and \$3.75 at the door.

The annual Faculty Banquet will be held in the Paul L. Garrett Student Center dining room at 6 p. m., Tuesday, March 5. Tickets for the banquet are priced at \$1.75 and have been mailed to each faculty member. Tickets may be paid for at the Public Relations Office, or returned by tomorrow in order that the Social Committee can make final plans for the banquet.

## Plans Call For More Than \$1,000,000 Outlay

Western's program of expansion and improvement received additional acceleration yesterday with the announcement that \$250,000 has been earmarked for the college by the State of Kentucky for new buildings.

President Kelly Thompson stated shortly after the announcement was made that tentative plans for use of this money call for the construction of a service building, construction of a dormitory probably for women, and remodeling and renovation of present facilities including transforming Potter Hall into a dormitory for women.

An alternate plan would call for building will cost approximately \$125,000.

The new dormitory would have a capacity of 175 occupants. The location of either of these buildings has not been definitely determined.

Under one plan Potter Hall will be completely repaired and renovated to make it a modern dormitory for women.

The total amount of money which will be spent under this tentative program will amount to more than \$1,000,000.

While discussing plans for use of this \$250,000,000 marked for Western by the state, President Thompson stated, "on behalf of the entire college organization, Western is highly gratified at the news that Governor A. B. Chandler has been able to make this money available for the badly needed expansion program for higher education in Kentucky."

Governor Chandler told the state college presidents early in his administration that he would do his best to bring about such allocations of money. His accomplishment is a great source of gratification to all of us and is deeply appreciated.

Additional money beyond that granted by the state will be sought from the Federal Housing and Home Finance Agency. Under one plan in addition to the renovation of Potter Hall, other buildings on the campus which

## Western Host To ROTC Unit Wednesday

Western will be host to approximately twenty-five ROTC cadets from Owensboro high school, on February 27.

The group will arrive, with Capt. David A. Strong, PMST of the Owensboro ROTC unit, about 9:30 Wednesday morning. They will attend chapel and be recognized as a group. After chapel they will be greeted by the president, Kelly Thompson, Bob Cochran, of the Public Relations Office, and Dean of Students, Charley Keown.

Then they will go to the ROTC Department and attend a class. After this class they will have lunch at the school cafeteria as guests of the college.

When they finish eating lunch they will have time to visit the rest of Garrett Student Center before their rifle team composed of

## Oriental Art Exhibited In Art Gallery

The arts on Western's campus are visiting the Orient now via an exhibit showing in the Art Gallery. The Art Club working in cooperation with the Music Education Club and the Western Writers is putting on this display which will end February 28.

The display, a combination of visual art, musical art, and literary art working together to present the full scope of the arts, is featuring Oriental pieces of work. Paintings, prints and other art objects are on display in the Gallery at Cherry Hall. This project represents the first joint operation of several departments toward a single goal.

Also in collaboration with the three departments is the Library, which has a display of Oriental literature.

Voices, the biennial publication of the Western Writers, which is now on sale, is featuring the East-West aspect of literature in the exhibit. The Music Educators Club is providing the musical aspect of Oriental art. The Gallery hours are 8:30 a.m.-12:30 p.m., and 1:30 p.m.-4 p.m., on week days. The usual library hours will be observed.

All pieces of art shown have been obtained from local people who have had some connection with the Orient.

The purpose of such an exhibit is to provide an interesting look into the Orient for anyone who wishes to see the finer arts of other lands.

**EAST AND WEST** appear to have finally met here as Western students examine some of the articles displayed Wednesday in the Oriental Art Exhibit, now on display in the Art Gallery. Examining the articles are (seated) Alice Ling, (standing, left to right) Robert Matheny, Bertha Gibson, Marsha Williams and Janice Hale.

## Annual Drama Festival Scheduled For March 2

Western is prepared to say, "Welcome," to the Annual Regional Drama Festival to be held on campus in Van Meter Auditorium on Saturday, March 2. Eight high schools have entered one-act plays in the festival this year according to the announcement of Regional Manager Charles Keown.

As a project in their celebration of International Theatre Month during the month of March, the Western Players are assisting with the hosting of the festival. Other projects of the club for International Theatre Month include the presentation on March 12 and 13 of the Norwegian playwright, Henrik Ibsen's, "Pillars of Society," as their annual classic for dramatic literature, a special studio

(Editor's Note—The following editorial appeared in the February 13 issue of Brook 'N' Brook, student newspaper of Louisville Male High School.)...

## Male Will Miss Denes

A little man with a big heart! That, in the fewest possible words, describes the man departing from Male High School after seventeen long and joyous years, Nick Denes. A roll call of boys he has helped during this time would be long indeed. Time and time again, boys in need of help and encouragement have come to Coach Denes, and never has he turned one down.

Male will miss our beloved Nick. Only once in a lifetime does one have the opportunity of working day by day with a man like Coach Denes. Year in and year out, when he hasn't been coaching either a football, basketball, or a track team, he has been present at banquets, athletic events and socials, telling young boys everywhere stories from his inexhaustible fund of experience.

It is men like Coach Denes that the late Grantland Rice wrote, "When the great game is over, it won't make any difference whether you won or lost, but how you played the game." This statement would indeed be symbolic of Coach Denes. A truer sportsman, both on and off the field, would be hard to find. As Male went, so went Denes. He was first to support any worthy event, whether it was the big Male-Manual game, or a mere variety show. Coach Denes was always among the first to offer his gracious help.

Yes, what Male High has lost, Western College has gained. Truly, Nick Denes is a symbol that more of us should try to follow. Sportsmanship, courage, and a goal to strive for, are his chief characteristics. For him and his followers, they have paid off in the form of championships. A great person has left and Male High will deeply miss him. To you, Nick Denes, hats off for a job well done and the best of luck for a bright future at Western.

## Looking Backward

ONE YEAR AGO . . . Miss Gayle Bryant crowned Western's basketball homecoming queen . . . Mr. Robert B. Siddens joined Western's staff as field representative . . . Miss Jean Reid-Smith arrives on campus for one year stay . . . Forest Able named Topper's most valuable player.

THREE YEARS AGO . . . Dr. James H. Potot appointed head of History department . . . Jane Winchester represents state at the 59th annual Congress of American Industry in New York . . . Kitty Buren named Mountain Laurel representative.

FOUR YEARS AGO . . . Western plays in the seventh NIT . . . Herald is awarded Medalist rating by CSPA for fourth consecutive year . . . Pershing Rifles receives National Championship trophy.

Mrs. Nadine Ray, senior student-assistant in the Kentucky Library, is having the pleasure of copying the quaint diary which was kept exactly one hundred years ago, 1857, by Miss Jane Younglove of Johnstown, N. Y.

Jane was the sister of the proprietors of the first drugstore opened in Bowling Green. Joseph I. Younglove came to Bowling Green from Johnstown, N. Y., in 1842 to engage in the drug business. His store was in the fine brick building at the south east corner of State and Main Streets, which is now called the Fletcher Building. It is the oldest structure on the square. In 1844, his younger brother, John E. Younglove, joined him here in the conduct of the drugstore. After the death of Joseph I. Younglove in 1894, John E. Younglove carried on the business until his own death in 1917. From 1842 to the present year 1957, a span of one hundred and fifteen years, a drugstore has been in constant operation in that same building.

Jane made a long visit to Bowling Green during the months of September, October, November and December. Her account of her journey from Johnstown to Kentucky by stage and by steamboat, and of her stay in Bowling Green with her two brothers and with her sister Margaret, who was the wife of Thomas C. Calvert, gives an unusually vivid and true picture of life in this small town at that period.

A trip to Cave Mill (Lost River) and to the Warren County Fair is recorded, as well as the fact that she declined invitations to dancing parties.

She was a devout Presbyterian, and noted that few attended that church here at that time. She and her relatives placed very little emphasis on religious holidays, even for the pleasure of the children of the family. In the quiet town of one hundred years ago, Jane listened for the ringing of the church bell. If it failed to ring, she knew there would be no service that day—quite a contrast to the noise of street traffic which often nowadays drowns out the ringing of church bells in Bowling Green.

Among the rapidly-disappearing arts, that of the woodcarver is almost totally gone. There was a

time when beautifully and elaborately carved furniture and home decorations were fairly common, but they are seldom seen any more outside of museums.

There are several such items in the Kentucky Building. None of them was made in Kentucky or by Kentuckians, but all of them were owned at one time by natives of the State.

From the estate of Mrs. Mora H. Sharpe (formerly Mrs. J. Whit Potter), the Museum received a very lovely hand-carved teakwood screen. It is made in four large sections, and the carving detail is nothing short of amazing. No one knows if it is the work of one person or of many people, but if of one man, it probably took the better part of his life to complete it. This screen is the subject of a great amount of comment by Museum visitors.

On the stair landing between the Reception Room and the Wildlife Room, may be found two other examples of the woodcarver's art. One is an Italian Dower Chest, estimated to be between four and five hundred years old. It was given to the Museum by C. Perry Snell, as were the two other items to be described later. The front of the chest has very deep carving of cherubs, etc., and one is amazed at the smoothness and detail of the work.

Resting on top of the Chest, and leaning against the wall, is a part of a frieze from a Moorish home in Alhambra, Spain. Mr. Snell brought the entire frieze, using almost all of it in a room in his home in St. Petersburg, Florida. This section, about five feet long, he sent to Western as a part of his art collection. The carving on the frieze, while elaborate and interesting, is not as evenly done as that of the chest.

Finally, in the Faculty Room, visitors may see a carved military desk from Italy. Here, again, the detail work is fantastic. Close observers will note that there are variations in size in the many drawers, probably because no accurate measuring instruments were available to the builder. This desk is also believed to be about 500 years old. A part of the desk, which served as a cover and writing surface, is missing, but its loss does not detract from the desk's appearance.

## Book Marks

Professional magazines and periodicals represent the most up-to-date ideas on their respective subjects and therefore should be used to supplement textbooks. To obtain full benefit of a periodical library a student should know how it operates and how to use it.

The Periodical Room of the Library has about four hundred different periodicals. Of these there are three hundred current subscriptions of magazines and newspapers in addition to pamphlet and ephemeral material from industries, associations, churches, etc. To locate articles in the magazines efficiently and rapidly there are several indexes available—Readers' Guide, International Index, Education Index, Agricultural Index.

Several new magazines have been added to the Library's collection. Of interest are *Arts and Activities*, concerned with teaching arts and crafts to children, and *Dance Magazine*, surveying the field of dancing for student, performer and patron.

The placement of current periodicals displayed in the Periodical Room has been rearranged.

The periodicals have been grouped according to subject matter to serve more effectively the need of the students and the curricula of the college. There are fourteen different headings and all magazines are found in their respective fields. Popular magazines are found under the heading, "General." An alphabetical list of all periodicals has been posted on the bulletin board in the Periodical Room so that any particular title may be located immediately.

The Library recently received a gift of several books from Major Maurice Kirby Gordon, of Madisonville. Rarest of the books and rarest of all the Library's collection is a volume on French architecture, *L'Architecture Française des Bastiments Particuliers* by Savot. The book was published in Paris in 1835.

The Library has also received gifts of books, magazines, and records from Dean Massey, Paul Wilder, Dr. Earl A. Moore, the Billings Memorial Fund, and the Public Library of Bowling Green.

# HILLTOPICS

By BETTY SPRADLYN

How many of you at the game last Saturday night thought about the many little things being done in order that you might enjoy yourself more? Did you ever stop to think what all goes on behind the scenes at one of Western's games?

First of all, credit must go to those that sell and take up tickets at all the games. Without them keeping order as everyone enters, it would not be very pleasant. Also to be recognized are the members of the football team who usher and the alumni "W" Club members who sell programs. These people are always helping someone find their seat, and are at your beckon call for a program.

The football players are also in charge of the concession stands, something we take for granted, but would be greatly missed if not available.

Another thing that is impressive at one of our games is the preliminary before the teams begin playing. This involves introduction of the visiting team, the home team, and the coaches. Here to be thanked are the ones that work the spot lights and they've done a wonderful job.

Immediately after this, one of the most beautiful sights seen in the gym, is the raising of the flag. The Pershing Rifles are responsible for this performance of precision. Adding to this is the music furnished by the Western Band, and the singing of the National Anthem all combined to make this ceremony one long remembered by the visitors to our games. The band should receive recognition for their support during all the home games. This group is uniformed and present at each game and can always be counted on to play the strains of "Here's to old Western, Western will win" when needed most.

Last but not at all least are the cheerleaders. Without them there wouldn't be that "Western Spirit" that everyone talks about. All through the game they are constantly giving the team support they need in order to win. You would be greatly surprised at the difference it would make if we didn't have the cheerleaders there to lead the cheers. Student and cheerleader support possibly could make the difference between a win and a loss, and it has been evidenced that the team will try harder when they hear the students yelling in unison, "Go Toppers Go."

Many other things could be mentioned that go into the complex job of presenting a ball game. Next time you go to the gym for a game, observe the little things being done and imagine what it would be like if someone wasn't giving time and effort to make the approximate 5,000 that are present enjoy themselves a little more.

## Musical Notes

By Frances Walker

Performing additions seem the order of the day for the next two days on the campus. At 3:00 this afternoon Western's music students who would like to try out for the honor of appearing as soloists on the annual concerto program of the college orchestra will be heard by members of the music faculty.

Tomorrow morning students of Bowling Green and Warren County of pre-college age will vie with each other for the position of soloist on the annual Youth Concert to be presented by the Western Orchestra on March 21. The time will be 10:00, and the place, 109 in Music Hall.

Finally, Western will be host to the Art and Music Contest sponsored by the district group of Women's Clubs in a three-hour session starting at 9:00 in the morning in the Choral Room at Music Hall.

We enjoyed last night's student recital at Music Hall. This is an excellent opportunity for the students to be heard and to hear each other. We wish every Western student were able to attend these monthly performances.

Dr. Hugh Gunderson was invited last week to conduct the annual Virginia All-State Concert Band. Following two and a half days of rehearsal, the 100 piece group of selected players gave a public concert in Roanoke on Sunday afternoon, which was broadcast simultaneously over four Virginia radio stations.

# Student Advisory Council Busy Working On Campus Problems

The Student Advisory Council to the president which is a year old this semester, has been holding regular meetings this year and is currently investigating several situations which exist on the campus. The council presented a program at chapel, at which time the members outlined its objectives and future plans.

The council was originally organized by President Thompson in order to advise him on matters pertaining to students and to keep him abreast of student trends and ideas. Representing a cross section of the student body, the council members were selected on the basis of proven leadership ability on the campus. All members are holding or have held offices elected by students. Included in the council are the fall semester presidents of the major club in departments where an officer is elected; the president of the four classes and the editors of the College Heights Herald and Tallman. It was decided to have each member continue the full year on the council, although several of the clubs have elected new officers this semester, as the members are chosen to represent the entire student body, and will not specifically represent their organization or class.

This year, it was felt by the entire group that the council was too large to work effectively with President Thompson, so they chose 12 members from their group to represent them in meeting with the president. This group was named the Executive Board of the Council and included the four class presidents, Harry Gray, Jim Owens, Tom Emberton and Fred Chelf, Betty Spradlyn, Annie Meredith, John Chamberlain, Bertha Gibson, Jeanne Jones, Wayne Duncan, Paul Martin and Dewey Bratcher.

Officers of the Student Advisory Council are Harry Gray, president; John Chamberlain, vice-president; and Ann Meredith, secretary.

Council members include the following students.

Lloyd Young, son of Mrs. Robert R. Young, Guston, Ky., a senior mathematics-history major and is commander of the Scabbard and Blade. He is also Military editor of the Tallman, second vice

president of the History club, and was selected to appear in Who's Who.

Ben Baird, a senior history major and the son of Mrs. Nova Baird, Bowling Green, was cadet commander of the APROTC last semester. He is sports editor of the Tallman, and will be featured in Who's Who. He was highest scholastic APROTC sophomore, and is

a distinguished military student in the APROTC. Ben is also a member of the history club.

Mrs. Frances Hooks Catlett is the daughter of the Rev. and Mrs. A. B. Hooks of Harrodsburg. She is president of the Library Science Club, feature editor of the Tallman, and secretary-treasurer of the English Club. She is also to be featured in the 1957 edition of

Who's Who in American Colleges and Universities.

Leon Dunagan, the son of Mr. and Mrs. H. L. Dunagan of Louisville, is president of the Geography Club. He has played varsity football, and baseball for Western. Leon is a senior and a member of the English Club, and has been president of the Geography Club, and vice president of the "W" Club.

John Chamberlain, the son of Mr. and Mrs. Richard M. Chamberlain, of Louisville, is president of the Religious Council. John has been a member of the Western Players, Congress Debate Club, the dormitory council, and the Tallman staff. He has served as president of the Religious Council for two years. John was voted "Campus Favorite" in 1955, and was elected to "Who's Who".

James Maple, fall president of the English Club, is the son of Mr. and Mrs. Earl D. Maple of Dawson Springs. James, a senior, has been a member of the Western Players, was president of the Congress Debate Club, vice president of the Young Democrats, and secretary of the Folklore Club.

Jimmy Weddle, a senior, is the son of Mr. and Mrs. A. C. Weddle of Christiansburg, Virginia. He has been recently re-elected president of the Arts and Crafts club and has served as secretary of this club, and superintendent of the student work program. Jimmy was selected as the Distinguished Military Student of ROTC.

Robert Morris fall president of the History Club is the son of Mr. and Mrs. Russell E. Morris of Louisville. A senior, he has been a member of the Geography Club and was sergeant at arms of the Arnold Air Society. He is the current executive officer of the Scabbard and Blade. Robert was also selected as the Distinguished Military Student in the APROTC Department.

Ann Meredith, editor of the Tallman, is a senior from Louisville. Ann has also served as president of the Education Council, and has been a member of the Western Players. She is the daughter of Mr. E. V. Meredith.

Bill McCormack is the son of Mr. and Mrs. Roy McCormack of Bowling Green. Bill has been

elected to "Who's Who" among college students. He has been vice president and was fall president of the Biology Club. He has served on the Tallman staff, and has been a member of the Chemistry Club.

Elaine Carol, daughter of Mr. and Mrs. Hayden Carol, of Leitchfield, is president of the Iva Scott Home Economics Club. Elaine has been a member of the Western Players, and the Art Club. She has been elected to the "Who's Who" among college students and was treasurer of her freshman class.

Leon King, son of Mr. and Mrs. W. S. King, from Burkesville, and a senior on the Hill, is president of the Education Council.

James West, son of Mr. and Mrs. Lawson West, of Crafton was fall president of the Cherry Country

## Officers Elected By Debate Associates

The Western Debate Associates met on Tuesday, February 12, in the Student Center. Plans were made for a chapel program for March 27. Following this discussion, the following officers were elected for the spring semester: Ken Williams, captain; Harold Meers, co-captain; Rita Jackson, recorder; and Henry Stone, public relations representative.

A practice session was held in which Julius Rather and Ken Williams debated the affirmative, and Ed Renter and Rita Jackson, the negative, of the proposition, Resolved: The United States Should Discontinue Direct Economic Aid to Foreign Nations.

During the meeting held February 18, Ted Urban and Ken Williams supported the affirmative, and Ed Renter and Rita Jackson debated the negative of the same proposition.

The next regular meeting will be held Tuesday, February 26. A cordial invitation to attend this meeting is extended to all interested persons.

The '57 Chevy can give lessons on taking curves and holding the road to just about any car going. Few cars at any price are so beautifully balanced and so smooth, sure and solid in action.

A car has to have a special kind of build and balance to keep curves under control. And nobody outdoes Chevrolet in that department! It "corners" with all the solid assurance of an honest-to-goodness sports car. Chevy doesn't throw its weight around on turns because it carries its pounds in the right places.

And if the road should turn upward, Chevy can take care of that nicely, too—with up to 245 h.p.\*

## Men Are Enthusiastic About New Dormitories

By Tom Emberton

Since February 2 the majority of the male students at Western have enjoyed some of the most comfortable living offered by any college dormitory in the South. The two recently completed dorms extend some of the most luxurious facilities a college student could wish for.

The eye-catching entrance to these beautiful brick structures leads into a spacious and attractive lobby. According to William Ray, South Hall Director, the furniture for the lobby is expected to be here by March 1.

The two-man rooms provide each student with a built-in desk complete with spacious book shelves, also separate closets with built-in drawers.

The various color schemes of the rooms offer high incentives for the students to use their initiative and ingenuity in decorating their rooms. The majority of the students have taken it upon themselves to keep their rooms in a very good condition.

Each floor of the dorms has two large, conveniently located bathrooms furnished with the most modern fixtures.

The telephone situation which plagued Potter Hall is contrasted in the new dorms as they have two lobby phones, an office phone

and one each on the other floors. The new buzzer system has proved to be a wonderful aid in the telephone problem.

Another attractive feature of the new dorms is the possibility of having dormitory mail delivery; however, this feature is still in the planning stage but should be realized in the near future.

When asking a resident of one of the new dorms what he thinks of them the answer is usually about the same. "They're just a little far from the Hill, but when they're this nice who cares!"

## 'Voices' Magazine Recently Published

Voices, the publication of Western Writers, is now on sale. This issue has over twenty-five contributors with a member from practically every department and every class contributing.

The second half of Voices is dedicated to Oriental literature. Included in this section are nine book reviews, including the oldest Japanese novel and an Indian epic; essays; poetry; a short story; folk lore; and translations.

Copies of Voices may be obtained for the price of twenty-five cents in the front hall of Cherry Hall or by contacting any member of Western Writers.

## Canterberry Club Hears Speaker

The weekly meeting of the Canterbury Club was held Sunday February 17, at the Episcopal Rectory on State Street. Plans were discussed about future programs, and slides were shown by the Rev. Howard H. Surface on Virginia and his mission work in Wyoming. The next meeting of the Canterbury Club will be Sunday February 24. All college students are welcome to attend.

## WHICH MAN PASSED THE N.P.\* TEST?

\*NINETY PERCENT

The poised, smartly-dressed man at the left of course. You can tell at a glance... and that's why the Ninety-Percent Test is so important. People judge you by what they see (sometimes that's all they have to go on) and ninety percent of what they see of you is what you wear. The fresh finish of dry-cleaned clothes is more than an extra touch... like a flower in the buttonhole. It's an integral part of good grooming. The state of your clothes tells volumes about the kind of person you are. In fact, your clothes never stop talking about you. You buy your clothes to make a good impression. As you wear them, have them dry-cleaned often. A smart man takes care to keep that impression fresh.

## New Point System Should Cut Driving Offenses

By James Weddle

Do you know how Kentucky's Point System works? The Point System is basically a Driver Improvement Program. Its purpose is to make drivers more conscious of safety and more observant of the existing traffic regulations.

The administration of the Point System will be handled in the following manner. A driver amassing 12 or more points in a three year period, dating back from the latest violation, will be, upon his request, granted a hearing to show cause why his license should not be suspended. These hearings will be conducted by departmental officers at central points throughout the state.

The Department of Public Safety is vitally interested and concerned with Driver Improvement, and it makes every effort to assist and correct those drivers who are accident repeaters and building up bad records. When 6 to 9 points are accumulated, a warning letter is sent to the offender. With 9 to 12 points on his record, the driver will be called in for an interview to review his case and to attempt to improve his driving record.

Final decision on suspension or other remedial action will be determined on the basis of the circumstances in each case, and whether the driver is a chronic law violator or a poor risk.

"Pillars of Society" is Henrik Ibsen's protest against pharisaism. The Pharisees of the Bible prayed loud and long in public and paraded their piety and good works. Similarly men in public life today and Ibsen's day make loud profession of their philanthropy, concern for and sacrifices to the welfare of the community. The selfishness and selflessness behind these poses provides the master dramatist with his theme on this occasion—and it is as timely a topic today as then.

Beyond the general attack on social pharisaism which the title announces, "Pillars of Society" marks the beginning of Ibsen's long and clear assertion of the claim of women to moral and economical individuality and independence. Dina Dorf, with her insistence on "becoming something for myself," Lona Hessel, who dar-

ed to leave behind her the provincial Norwegian town to sail to America to make her own way in the world, and in a gentler way, Martha Bernick, who made a life for herself as teacher in the national schools and social service with the "lapsed and lost" in her home town—all are variations of this strain of sentiment in the author.

"Pillars of Society" represents a transition in the works of this great writer into his most productive period that produced "A Doll's House," "Ghosts," "An Enemy of the People," "Rosmersholm," "Hedda Gabler," and "The Master Builder." Ibsen believed to the end in the possibility and the beauty of great self-forgetful human emotions. This philosophy ran deep and never became extinct in the poet. Lona Hessel with her devotion to Bernick is a creature of

this philosophy as are other Ibsen heroines. Her "old friendship does not rust" says it in her "casual way."

One reason for the choice of "Pillars of Society" was the wide range of acting possibilities offered by its characterizations. Director Russell H. Miller has balanced its cast with Western Players veteran and new members. Dianne Michael plays Lona Hessel; Jean Reid-Smith is Dina Dorf; Betty Gayle Jones is cast as Betty Bernick; and Jane Lovell as Martha Bernick. They are the four women who sustain the feminine side of the story.

Julius E. Rather, returning after a semester with Uncle Sam, plays the adventurous Johan Tonnerson. Charles F. Shields is making his first appearance with Western Players as Karsten Bernick, the "pillar of society." William L.

Coleman portrays the Norwegian schoolmaster, Dr. Rorlund, and Joe Harris, Hilmar Tonnerson, the sophisticated cousin.

The large cast of "Pillars" also includes Frank Glasier, Patsy Hooper, Marjorie Hanna, Jo Ann Hall, Don Buckman, Cecil Mabe, Don Buckalew, Bob Schwartzkopf, Bill Hensley, Barbara Shepherd, Paul Mannini. Dan Brawner is working on scenic design developed from directors original plan. Ronnie Coulter has been in charge of executing the setting with construction group including Olym Steinbeck, Julius E. Rather, Don Buckman, Betty Gayle Jones, James Crabtree, and Cecil Mabe.

"Pillars of Society" is scheduled for presentation in Van Meter Auditorium on Tuesday and Wednesday evenings, March 12 and 13.

James Weddle was re-elected president of the Arts and Crafts club at its first meeting of the Spring semester Thursday, February 7.

The purpose of the meeting was to elect new officers for the coming semester. They were elected as follows: James Weddle, president; Bill Mohr, vice-president; James Shrewberry, secretary; Clyde Allen and Byron Bell, treasurer; A. B. Sandefur, reporter; Joe Cunningham, sergeant at arms and Lewis Hendrick, historian.

Eight new members were elected to the club and a trip to Kansas City in April was discussed.

## Dances At Cedar House Sponsored By Senior Class

Following Saturday night home basketball games, the Senior Class has been sponsoring a series of dances at the Cedar House. Dances have been held after the Murray and Morehead games. Two other dances will follow on February 23 after the Memphis State game and on March 3 after the Middle Tennessee game.

Music is furnished by the juke box, and admission is twenty-five cents stag or drag. Approximately seventy-five or eighty have been attending.

## Successful R. E. Week Ends Today

"Looking Unto Jesus" was the theme for the annual Religious Emphasis Week held this week, February 19 through February 22, on the Western campus. Dr. H. Franklin Paschall, formerly of the First Baptist Church, was guest speaker.

Wednesday and Thursday afternoons seminars were held in the Memorial Room of the Student Center. Wednesday's seminar was on "Christian Student Responsibilities to the Community" with Judge John Milliken, Mrs. William Allenler, and Mr. John Paul as panel members. The seminar yesterday was on "Campus Problems" with Jim Owens, Dean Charles Keown, Harry Gray, Betty Spradlyn, and Dr. C. H. Jagers on the panel.

In chapel sessions Wednesday and today Dr. Paschall spoke on "The Three Tenses of Salvation" and "The Unquenchable Light."

Convocations were held every night at 7:00 in Van Meter. Informal Dorm Sessions were held in East Hall, West Hall, and McLean Hall.

## Officers Elected At Recent Meeting

Gary Little, senior from Franklin, was elected president of the Cherry County Life club at the first meeting of the semester.

Other officers elected were Jim Yates, vice-president; Joe Perkins, secretary; Jim Burns, treasurer; Joe Cheatham, reporter; John Jackson, sergeant-at-arms; Melvin Hargin, recreation chairman and business manager; and James May, athletic director.

The club also elected a recreation sub-committee composed of Joe Cheatham, Jim West, and Larry Westerfield.

The next meeting was planned for March 12, 7 p.m., at the Kentucky Building at which time, Robert Kelly, District Supervisor for South Central District Vocational Education, will speak.

Refreshments were served after the meeting adjourned.

## Four Tough Games On Tap As Basketball Season Ends

The Hilltoppers, in closing out their regular season play, will gram four games into the next 10 days beginning with Memphis State tomorrow night and playing host to Middle Tennessee on March 2. After the long awaited battle with Memphis tomorrow night, the spotlight will be placed on the two crucial O.V.C. title remaining. Here's a sneak preview of the games.

**Memphis State:** The revenge-minded Hilltoppers will play host to one of the top basketball aggregates in the South tomorrow night when they collide with the Memphis State Tigers. Memphis, the third leading school in the nation in field goal percentage, nipped the Toppers earlier in the season at Memphis, 86-84. The Tops will move into tomorrow night's encounter with a 15-7 slate and will be gunning for more national recognition.

**Tennessee Tech:** Coach Diddle and his traveling Hilltoppers will wind up their road-running next Monday night when they move south to Cookeville to invade the

balliwick of John Oldham's Golden Eagles in an all-important conference clash. The Eagles dropped an early season decision to Western, 88-74. The Eagles, in a rebuilding season, have been unable to post a win in the conference thus far this season. They are paced by veteran junior guard Ken Sidwell, a Kentuckian, with a 16 point per game average.

**Xavier University:** Next Wednesday the Tops will host one of the vaunted Queen City schools - the Xavier Musketeers. The Musketeers clipped the Toppers early in the season at Cincinnati, 87-79. Xavier is paced by their 6-6 center Taratton and diminutive Jim Boothe, a 5-4 fireball who drops them in from anywhere.

**Middle Tennessee:** And watch the tension mount! Coach Ed Diddle (Sr., that is) and his charge, nipped Coach Ed Jr. and his Blue Raiders 79-73 in their first history-making clash. And what a battle, that turned out to be in those closing minutes of play! !

Coach Ed Diddle and his son Eddie Jr. Certainly have set some sort of milestone in college basketball in that their initial meeting was the first time that father faced son in a coach's role where a major college is concerned.

This Middle Tennessee clash promises to be a thriller in more aspects than one and along with the Tech game will be a must for the Toppers Conference battle with Morehead.

## Back Sparks 82-76 Win Over Wichita

Fleashy Eric Back, turning in some last minute fancy-dan ballhawking tactics, broke loose for three easy lay-ups to propel the Toppers to an 82-76 win over highly touted Wichita Wednesday, Feb. 13 at the newly constructed fieldhouse at Wichita University. Back turned in three consecutive steals in the closing minutes of play and cashed all three in on driving crips to give the Hilltoppers their 14th win banked against 6 losses.

The two basketball goliaths battled on even terms throughout the early part of the first half before Ronnie Clark fired a quick 10 point bombshell at the Wichitans to push the Toppers into a commanding 46-33 halftime advantage. Clark connected on five straight fielders, most of them coming on leaping one handers from the outside.

Wichita, one of the top teams in the Midwest and the co-leader along with St. Louis University in the highly regarded Missouri Valley Conference, was unable to cope with the double-pivot strategy of Coach Diddle early in the second half as the Toppers pulled away at 60-43 and had it not been for a wily fellow named Joe Stevens this could well have been a run-

## Tops Win By 16 At Home; Lose By 6 At Morehead - Now Tied For OVC Lead

### Outcourt Bombers Top Eagles 97-81

Western's latest backcourt sensational duo, Back and Clark, ripped through the Morehead defense last Saturday and led the Toppers to a 97-81 trouncing of the highly touted Eagles. The coveted win gave Western undisputed claim to the number one spot in the conference with an unblemished 7-0 record while Morehead skipped to second place with a 6-1 ledger.

The devastating inside attack of Morehead, led by Hamilton and Shimeaseal, simply couldn't cope with the speed and torrid shooting pace of the Toppers in this O. V. C. "dream game." With Clark, Back and Lawson throwing them in from the outside and Daniels and Crosthwaite sweeping the boards the Toppers slowly crept away from the towering Eagles in that second half. Crosthwaite and Daniels, in another superb backboard battle, teamed to give Western an even break off the boards against the Eagles, who are currently leading the nation's colleges in the rebound department.

Western, undoubtedly one of the fastest teams in the country, simply outran the Morehead defense

### Eagle Height Too Much In 87-81 Loss

It's all locked up again! Morehead slipped backed into conference contention Wednesday night as they nipped the Toppers 87-81 in a nip-and-tuck game. The "Must" win for the Eagles threw them back into a first place conference tie with a 7-1 ledger.

The O. V. C. "dream game" proved to be just that as the score was knotted 17 times between the two powers and not until a closing flurry of goals by Thomson, Shimeaseal and Tolle did the towering Eagles pull it out of the fire.

Playing before a record capacity crowd in the Morehead gym, the Toppers fought "nail and tooth" in that blistering first half which actually saw the score knotted 15 times. With Lawson and Clark bombing them from the outside and Daniels and Crosthwaite forming that deadly duo on the boards the Toppers were just two points off at intermission at 44-42. Crosthwaite, playing under that zone blanket, picked up three crucial personals in that first half while canning ten points.

The Diddlemen roared back in the second half and peppered the Morehead zone with driving-jumps

## Case Lowers The Boom On Murray

Jet Assist? That might have been the question confronting Murray supporters last Monday night when mighty Bill Case fired a dynamic 14 points canto in less than six minutes to give the Toppers a squeaky 60-58 win over an inspired Murray quint.

The Toppers grabbed a quick 17-10 lead early in the game despite a zone defensive blanket that Murray attempted to wrap around Crosthwaite. The big post-man garnered 14 of his 16 points in the first stanza.

Late in the first half the Thoroughbreds began to pell and the persisting pressing of the Murray guards began to pay off as the Thoroughbreds scrambled to a 40-38 intermission lead.

Murray grabbed the second half tap-off and promptly went into a stall which lasted for almost six minutes before Western finally slipped the ball away on a floor error.

Then Bedlam — as Case was on his way to one of the most sensational shooting exhibitions witnessed on the Hill this season (and probably in many seasons). The fiery Junior canned a set shot to knot the score at 40-40 and then crammed 12 more points in less than six minutes to put Western in commanding position. Case, hitting most of his goals from way-outside, helped to loosen the defensive cordon thrown around Crosthwaite and shot him loose for the crucial rebounds in the closing minutes of play.

The lead see-sawed in that last half before Western finally grabbed it for keeps at 54-54. Case's uncanny accuracy coupled with the dogged defense of Lawson and Back pressed three vital floor errors from the Murray guards in the waning minutes of play and enabled the Toppers to pull out victory number six in the O. V. C.

Case's 20 points, which indeed looked like a 200, led the Western attack while Crosthwaite, who labored under the Murray zone, picked up 16.

### Freshman Tip Campbellsville 99-86

The red-hot Frosh ran their record to 12-1 last Saturday as Al Ellison pumped home 30 points to lead the Yearlings to a 99-86 win over Campbellsville in the Western gym. Ellison, a prep school All-American from Linden, Tennessee, bombed 20 points in the first half mostly by virtue of his spring-legged agility under the boards.

With Ellison banging them from the inside and little Ken Cornelius pushing those long ones through, the "Little Toppers" heeded to a 56-42 halftime lead. Cornelius, a wiry little guard, finished with 20 points. Bicknell and Talbot swept the boards and chipped in 11 and 12 points respectively.

From left on front row are Tommy Long, Dean Day, Ronnie Clark, Owen Lawson and Eric Back. At rear are Billy Case, John McLearn, Bob Daniels, Ralph Crosthwaite, Monty Holland, Howard Dodds and Willis Thompson.

Western's basketball team has won or shared either the regular-season or tournament title—or both!—in the Ohio Valley Conference seven of the eight years the conference has been in existence. In their bid to stretch this matchless record this season, coach Ed Diddle, assistant coach Ted Hornback and the "Tops" have our unqualified support and our firmest confidence.

## Hard Session Opens Spring Football Practice Drills

Nick Denes, Western's new football mentor, and his Hilltopper grid men opened up spring football drills last Monday in preparation for the coming season.

Coach Denes had approximately 45 men report for his first 3 p.m. session Monday. The Hilltoppers have twenty lettermen returning from last year's squad which piled up a 5 won 4-lost record.

The Hilltoppers, now under the N.C.A.A. ruling, will have 20 days of spring practice and under an O.V.O. ruling all colleges in the conference must have their spring football drills completed by March 21. This O. V. G. ruling was probated in order to prevent the spring football seasons from interfering with the spring sports program. Many of the schools rely heavily on the football and basketball teams to bolster their spring sports program.

## Eagle Height

Continued From Page 10

from the outside in the early minutes of the half. Western took a big blow on the chin when Crosthwaite committed his fifth personal with only 4 minutes gone in the second half. The big pivot was a tower of strength off the boards and garnered 13 points in his 24 minutes of action.

The Toppers picked up more steam when Hamilton left the game via the foul route with 13 remaining and at one stage midway of the half pulled away to an eight point lead only to see Thomson and Kelleher bombard the bucket to close the gap in the closing minutes.

It was Kelleher and Thomson who led that rally that gave the Eagles a 73-69 advantage with 6 minutes to go. The Toppers knotted the score three minutes later at 75-75 on a Daniels up-in and a Lawson and Clark combination.

At that stage Shemfessel, Thomson and Tolle pushed the game a little too fast for the Toppers to keep pace as they clamored to their 87-81 win for a first place deadlock with Western.

Lawson led all scorers with 26 points with Clark picking up 17 for the Toppers. Thomson was high for the Eagles with 24, while Kelleher potted 20. Hamilton picked up 17 points before fouling out.

## Back Sparks

Continued From Page 10

away from this point. The fiery little guard, sporting a 16 point average, fired a 16 point canto with eight quick baskets and enabled his bewildered cohorts to knot the score at 76-76.

The Mr. Back stepped into the limelight and blasted Wichita's hope of a comeback with those three Back-to-Back-to-Back steals that iced the game away at 82-76.

Back tabbed high point honors for Western with 31 followed by Clark, who was the brilliant first half hero, with 20. High honors for the night went to Wichita's Joe Stevens with 28 points. Crosthwaite picked up 19 points and teamed with Daniels to give the Diddlemen an even break off the boards with 32 recoveries for each club.

Western connected on 34 for 77 shots for a scoring 44 per cent field-goal accuracy while Wichita hit a good 43 per cent connecting on 31 for 72 from the field.

The win was an extra big one for the Toppers as they bounced back and straightened themselves out after the trouncing by Oklahoma City.

## Intramural Games To Be Sponsored By Phys. Ed. Club

The Physical Education club met Thursday, February 14, mapping plans for the spring semester.

Plans were made to sponsor an intramural program on the campus. The program will include most of the activities taught in the Physical Education department. These activities will begin at the close of the present intramural basketball schedule.

The club's annual banquet will be held on Thursday, April 18. The spring picnic is planned for Thursday, May 23.

Coach Denes took over his duties at Western on February 11. Denes, who amassed a brilliant record at Male High, and was widely proclaimed as one of the top coaches of the state, has a rugged spring slate worked out and is primarily concerned with evaluating his material and searching out replacements for the seven first stringers who graduate in June.

## Frosh Lash Murray Yearlings 126-77

The Hilltopper smiling Frosh bounced the Murray yearlings last week in record fashion 126-77.

The red-hot rookies had no less than seven men in the double figure column with Jude Talbot leading the scoring parade with 26 tallies.

The Freshmen, en-route to their highest scoring spree of the season racked up 65 points in a torrid first half with Ellison, Bicknell and Talbot sweeping the boards and setting up repeated fast breaks.

Coach Dan King's operatives, in racking up their 10th decision in 11 games, drubbed Murray earlier in the season with their first three-digit volley 111-87.

The yearling's only loss this season came at the hands of Lindsey Wilson Junior College by a scant two points. The Frosh have avenged that loss with two solid wins over the Linsey quint.

## Bob Daniels Tops 900 Point Mark

Bob Daniels

Bob Daniels has moved into a select list of Western scorers recently.

His points in the Morehead game Saturday night and in the games this week have given the 6-foot-6 senior a total of over 900 for his collegiate career. Only around 15 Hilltoppers before him have ever attained this goal.

With a little luck the Tutor Key product should reach the 1,000 point mark before the season ends.

## Clark Hits Eagles For 20

Continued From Page 10

In this thriller. Late in the first half the Red men once again relied on a back to back volley from Case after the Eagles had caught the Toppers at 23-23 with two minutes remaining in the first half. That irrefragable Case cashed two quick set shots and two charity tosses and the Toppers rode a 42-36 lead into the locker room at intermission.

With Clark, Back and Case bombing them from the outside, the Diddlemen clamored into a ten point lead early in the second half—then came the first big blow to the weakhearted. Case, who did a brilliant job on big Steve Hamilton in that first half, counted his fifth personal with only 5 minutes gone in the second half with the Toppers desperately staving off an Eagle rally with the score at 54-47.

Enter Lawson! And what a fire-eater he proved to be. The fiery six footer battled blow for blow with the agile 6'7" Hamilton and actually outscored him 13-8 that closing drive. Lawson pushed Western back into a safe lead with two quick one-handers from way-out in his first minute in the game.

Clark copped individual scoring honors for the Toppers with 20 points with Case popping 19 through in his 25 minutes of play. Crosthwaite and Back pumped home 16 each.

The big and fast Eagle crew was once again led by "Mr. Versatile" Hamilton with 26 points followed by Bernie Shemfessel with 24.

need renovation will be taken care of and new furniture for Potter Hall will be purchased.

Currently the campus is alive with expansion and improvement programs. The latest expansion program to be completed was the opening of the two new dormitories for men with a capacity of 438 occupants. These two new buildings were occupied at the beginning of the second semester. This entire project will not be completed until landscaping, permanent sidewalks, and parking areas, which are now in the process of construction, are finished later this spring.

## Iva Scott Club Hears Rev. Surface

The Iva Scott club met at the Cedar House, February 12, at 6:30 p. m. The Rev. H. Howard Surface spoke on "Preparation for Marriage," emphasizing the economic, social, cultural, emotional, physical, and religious realms of marriage.

The new water mains which will give the campus first class fire protection are in the process of being laid. This project will cost an estimated \$30,000.

An entrance-way to the campus is being constructed on Fifteenth Street at the main entrance to the campus. It is expected to be completed within the next six weeks at an estimated cost of \$8,000.

In January the new \$120,000 boiler installed in the remodeled heating plant was put into operation. The old boiler was repaired and put on a stand-by basis. This project gives to the campus sufficient heating facilities for the present buildings on the campus and any five major buildings which may be constructed in the future.

The program of landscaping cutting away of dead trees and shrubs on the campus is continuing.

New sidewalks have been constructed, the Training School gymnasium has been completely overhauled, and the dressing room area and officers of the physical education buildings have been remodeled and repaired.

IT'S FOR REAL!

LOUIE, THE LOUSE

He strolled through a keyhole into my house, A dignified, well-bred upper-class louse; He smiled in a most superior way And said, "Man has just about seen his day. If you'll take my advice for what it's worth Treat insects nice, they'll inherit the earth! Try to be beyond reproach In your dealings with the roach ... Bedbugs, ants and spiders, too. Don't forget ... WE'RE WATCHING YOU!"

**MORAL:** Well ... until Louie takes over, take your pleasure BIG. Smoke Chesterfield ... and smoke for real! Packed more smoothly by ACCU-RAY, it's the smoothest tasting smoke today.

Smoke for real ... smoke Chesterfield!
